

THE HEARTBEAT OF OUR INDUSTRY

32nd Edition of the World's Leading Trade Fair for Construction Machinery, Building Material Machines, Mining Machines, Construction Vehicles and Construction Equipment.

April 8-14, 2019, Munich

→ www.bauma.de

bauma 2019 – Experience the construction machinery industry in all of its dimensions—all industries, all market leaders and all important innovations. The international trade fair bauma is the definitive platform for construction and building-material machines, construction vehicles and equipment and mining machines.

1. Leading business hub

bauma is the optimum marketplace for good business. It has been bringing suppliers, solutions and potential customers together since 1954. Make valuable new business contacts at the global level.

2. Thrilling world premieres

bauma features a high concentration of innovations and sets the pace for the global construction machinery industry.

3. Unifying industry gathering

bauma welcomes participants from trade and industry as well as service providers from the construction and building-material industries.

Facts and figures

605,000 sqm

total space
180,000 sqm indoors
425,000 sqm outdoors

3,425

exhibitors from
58 countries

583,736

visitors from
219 countries

Mining Inside

bauma is an outstanding platform for the mining sector.

73%

of trade visitors are decision-makers

23%

of them are key decision-making authorities

138,929

trade visitors

684

mining exhibitors

96%

of visitors gave bauma's mining sector a rating of good, very good or excellent.

The most extensive range of exhibits is at bauma

All around construction sites

- Construction vehicles
- Construction machines
- Lifting appliances and conveyors
- Construction equipment, tools and special systems
- Handling and processing concrete and mortar at construction sites
- Formwork and scaffoldings
- Site installation

Mining, extraction and processing of raw materials

- Machines for extraction of raw materials and for mining
- Handling of raw materials
- Mineral processing

Production of building materials

- Cement, lime and gypsum compounds
- Concrete, concrete products and pre-fabricated components
- Asphalt
- Pre-mixed dry mortar, plaster, screed and building supply store products
- Lime sandstone and building products using power plant residue
- Other finishing elements
- Building material handling and packaging

Components and service suppliers

- Transmission engineering, fluid technology and power generation units
- Accessories and wear parts
- Services
- Test, measurement and process control engineering
- Communication and navigation
- Job safety

Reasons to visit

1. Get a complete market overview
2. Discover pioneering industry innovations
3. Compare leading manufacturers from around the world
4. Experience live demonstrations
5. Explore the latest trends in the bauma Forum

Reasons to exhibit

1. Generate new business
2. Present solutions to the global market
3. Meet decision-makers with budgets to invest
4. Improve recognition and strengthen image
5. Convince customers with live demonstrations
