Title of the fair
analytica China 2010

Venue
Shanghai New International Expo Centre
Shanghai, China

Duration and Opening hours
15 - 17 September
15 - 16 September, 9 am to 5 pm
17 September, 9 am to 4 pm

Organizers:
Munich Trade Fairs (Shanghai) Co., Ltd. (MMI-SH)
#502 B&Q Pudong Office Tower
393 Yinxiao Road, Pudong New Area,
Shanghai 201204, P.R. China
Phone (+86 21) 5058 - 0707,
Fax (+86 21) 5058 - 3337
E-mail: ac@mmi-shanghai.com
Website: www.a-c.cn or www.analyticachina.com

Special Terms of Participation (B)

All prices indicated below are net. No value-added tax is required.

B 1 Application (see A 1)

Applications are to be made on the enclosed form, which should be returned to MMI-SH at the earliest opportunity, filled in and signed with a legally binding signature. One copy is retained by the applicant. The deadline for applications is Dec 31, 2009.

B 2 Permitted exhibits and exhibitors (see A 2)

All domestic and foreign manufacturers or their Chinese subsidiaries, general importers and specialist dealers authorized by the manufacturers are admitted as exhibitors. General importers and authorized specialist dealers may only exhibit machines and plants whose manufacturers are not represented at analytica China 2010.

All exhibits must correspond to the relevant range of exhibits for this trade fair and be designated by name and category on the application form. Articles other than those permitted and registered, as well as used or leased machinery, may not be exhibited. MMI-SH has the final decision. Organisers of joint stands are not exhibitors as defined by the Special Terms of Participation.

B 3 Co-exhibitors (see A 1/2/4)

Permission for co-exhibitors must be requested in writing. The registration fee is EUR 160 for each co-exhibitor admitted.

B 4 Participation fees (see A 7)

The net participation fees per sqm of floor space are:

a) In the halls (minimum stand size 9 sqm for shell scheme and 36 sqm for raw space)

Raw space (18 - 35 sqm)	265 EUR / sqm
(36 - 71 sqm)	239 EUR / sqm
(≥72 sqm)	226 EUR / sqm

*There are different sell scheme on offer. Please call the organiser for more details.
Upper-storey stand space will not cost any of the price of the respective ground-floor space.

b) Besides the rent of the stand area, the participation fees include extensive services provided by MMI-SH, such as consultation and planning advice, publicity work, organization and technical assistance.

B 5 Terms of payment (see A 7)

The deadlines for payment given in the debit note must be observed. This application form is only valid in conjunction with a down payment of 35% of the participation fee (no separate invoicing) to Organizer within the month after registration; and the balance payable should be paid before 45 days before the show. Prior payment in full of the amount invoiced is a condition for access to the exhibition area, an entry in the catalogue, and provision of workers' and exhibitors' passes.

The applicant or exhibitor will receive invoices for all additional charges (e.g. technical services, advertising material) with the confirmation of the order; they are to be paid immediately on receipt. All invoiced amounts in all MMI-SH invoices, which are connected with the event, are to be paid in EUR, without deductions and free of all charges, by credit transfer to the account specified in the debit note, mentioning the exhibitor's company name.

ICBC Shanghai Branch, No2 Business Department

Account Name: Munich Trade Fairs (Shanghai) Co.,Ltd.
Account No. (RMB): 1001190709016219311
Swift Code : ICBCCNBJSHI

B 6 Dates of setting up and dismantling (see A 14)

a) In the halls:
Beginning of set-up on 13 September 2010, 9 am. Dismantling must be completed by 6 pm on 17 September 2010.
An extension is possible only in exceptional cases with the written permission of MMI-SH's Operations Department.

B 7 Stand design and equipment (see Technical Guidelines)

a) In the halls
Stand height:
The maximum construction and advertising height for stand construction is 7.50 m.
Assuming that the Technical Guidelines are observed in designing and constructing a stand, drawings need to be submitted for one-storey stand construction in the halls insofar as they are built by the exhibitor. On request, MMI-SH will check submitted stand construction plans (submitted in two copies) for exhibitors. No specific approval will be issued.
All other stand constructions which are higher than 3 meters, multi-storey stands (see item 4.9 Technical Guidelines), mobile stands, stands with bridges, stairs, cantilevered roofs, galleries, etc.) and constructions on the open-air exhibition grounds require approval.
Two-storey stand construction is permitted in the halls with the approval of a top-level certified structural engineer, who is employed by the exhibitor or recommended by MMI-SH. Approval for the two-storey stand depends on the position of the stand within the hall and the area it occupies. Stand drawings containing elevations and cross-sections, cutaway view, electricity layout, static test report or static load calculation, specification of construction must be submitted in duplicate to MMI-SH's Operations Department for approval by the deadline specified, at the latest 8 weeks before stand assembly is to start.
For two-storey structure covering more than 30 sqm, exhibitors need to install sprinkler system on the ceilings of each storey. The structures of the stand cannot hang on the structures of the hall.
In the case of infringement of any of the conditions specified here, MMI-SH is entitled to take action in accordance with the General Terms of Participation.

MMI-SH will erect partition walls only upon request and at the exhibitor's expense. Exhibitors will receive, in good time, the order form for these walls and further stand walls (height 2.50 m) with the Exhibitors' Manual.

b) On the open-air site

All structures to be set up in the open-air area exhibition grounds, require the prior consent of MMI-SH. Permission from the construction supervising authority must be obtained for building facilities, which exceed a roofed area of 50 m² or a height of 3.00 m.

Two-storey stand construction is permitted in the open-air site with the approval of a top-level certified structural engineer, who is employed by the exhibitor or recommended by MMI-SH. Approval for the two-storey stand depends on the position of the stand and the area it occupies.

The required application forms as well as plans of ground and upper floor, elevations, cross-sections, electricity layout and static calculations or test reports, specification of construction and material must be submitted to MMI-SH's Operations Department in due time, but at least 8 weeks before setup begins. At the setup of facilities, especially buildings, all applicable regulations at the event site must be observed.

Attention must be paid to all existing supply pipes, foundations, distribution boxes, etc. during all setup work. Insofar as they are within individual stand areas, they must be accessible at all times. Stand structures may not be built nearer than 0.5 m to the border of neighboring stands unless MMI-SH gives written permission for this.

Construction elements, stand signboards and banners must be arranged so that there is no unreasonable nuisance to neighbours. Misleading company signs must be removed at the request of the trade fair management. For all construction work, allowance must be made for existing supply lines, distribution boxes, etc. Where these are located within individual stand areas, they must be accessible at all times. Any underground work may only be commenced after approval by MMI-SH's Operations Department. Exhibitors whose stands adjoin the enclosing fence of the trade fair grounds may not use the fence for their construction purposes. Use of the outside of the fence to carry advertising material is not permitted. Publicity balloons are not permitted on the trade fair grounds. In the case of infringement of any of the conditions specified here, MMI-SH is entitled to take action in accordance with the General Terms of Participation.

B 8 Other regulations

All building structures on the trade fair grounds shall be executed in accordance with the legal requirements for construction materials. Revolving tower cranes, etc. must be secured according to regulations. Suspending advertising media or other loads (apart from flags) from cranes is prohibited for safety reasons.

B 9 Technical installations

Applications for electrical installation, water, drainage, and telecommunications can be considered only if submitted in due time on the order forms available from MMI-SH. The precise terms of delivery and the connection fees are stated on these forms.

B 10 Restoration of the exhibition areas

All exhibition areas must be handed over to MMI-SH's Operations Department in their original condition by the stipulated date for completion of dismantling. At the end of the exhibition, exhibitors must remove from the site all the materials especially the double-sided carpet tape used from their stands by the respective timings stated in the "Operations Schedule".

MMI-SH is entitled to charge the exhibitor concerned for the removal of excessive waste (stand construction debris, crates/pallets, cartons, packing materials or literature) by a contracting firm at exhibitor's cost.

B 11 Use of equipment

Only cranes, fork-lift trucks and working platforms may be used that have been provided by the MMI-SH service partners responsible. In special cases, the consent of MMI-SH's Operations Department is required.

B 12 Transport of track-laying vehicles

Only track-laying vehicles with smooth track plates, that are also approved for public roadways, may be driven on the roads of the trade fair grounds. The transport of track-laying vehicles into the exhibition halls is permitted only with the express approval of MMI-SH's Operations Department. The exhibitor is fully responsible for any damage to road surfaces and hall floors.

B 13 Sales regulations

Direct sales and other services or deliveries made from the stand are not permitted.

Exhibited goods must not be delivered to purchasers until after the trade fair closes. Sales are permitted only to wholesalers, retail or trade customers.

B 14 Catalogue, Internet, Visitor Information

An official trade-fair catalogue, an Internet database and Visitor Information will be compiled for the trade fair. All exhibitors (including co-exhibitors, companies at joint stands and additionally represented companies) are included, with the name indicated in the application, in the alphabetical list of exhibitors in these media. The minimum entry contains the exhibitor's company name, hall and stand number in the alphabetical list of exhibitors. Exhibitors (including co-exhibitors and companies at joint stands) will be offered other entries, eg. in the Product Index, and other forms of presentation in these media on a separate order form. The forms will be sent to applicants in good time. MMI-SH assumes no responsibility for the correctness and completeness of the catalogue, Internet database and Visitor Information. The exhibitor is solely responsible for the permissibility under law – and particularly the law on competition – of any advertisement placed in the trade fair catalogue, the Internet database or the Visitor Information of MMI-SH at the instigation of the advertiser. Should third parties assert claims against MMI-SH on account of the impermissibility of the advertisement under law in general or the law on competition, the advertiser shall hold MMI-SH fully safeguarded against all claims asserted including all costs of any necessary defence in court on the part of MMI-SH. The same applies to exhibitor entries actuated by exhibitors in the trade fair catalogue, the Internet database or the Visitor Information of MMI-SH.

B 15 Workers' and exhibitors' passes (see A 13)

For the time in which the trade fair is held, each exhibitor receives the following number of exhibitors' passes free of charge:

Registered sqm:	Passes :	Registered sqm:	Passes :
9 to 17	5	55 to 100	35
18 to 26	10	101 to 400	50
27 to 54	25	more than 400	maximum 50

The number of exhibitor's passes is not increased for co-exhibitors or additionally represented organisations. Additional exhibitors' passes are obtainable from the trade fair management and will be charged for. Exhibitors' passes are intended solely for stand personnel and must not be passed on to third parties.

Workers' passes for setting up and dismantling of stands are available in the numbers required and will be charged for. These passes are valid only during the time of setting up and dismantling and do not authorise the holder to enter the trade fair centre during the event. Workers' passes must not be passed on to unauthorised third parties, i.e. to any third party not in a relationship of permanent or temporary employment with the exhibitor.

B 16 Circular letters

Once the stands have been allocated, exhibitors will be informed by circular of further details concerning preparation and organization of the trade fair.

B 17 Alterations

MMI-SH reserves the right to make alterations and additions in matters affecting technical arrangements and safety.

June, 2009

analytica China 2010

Project No: 400606

15-17 SEPTEMBER, 2010, SHANGHAI NEW INTERNATIONAL EXPO CENTRE

Deadline for Application

31 Dec.2009

Application for registration of co-exhibitors (to be filled in by main exhibitor)

Main Exhibitor		Company (Chinese)	
STAND NO. (if already known)		Company (English)	
		Contact	Tel

We hereby authorize the company below as co-exhibitor at our stand at analytica China 2010. The company has all technical and commercial documents necessary for the information of visitors concerning the exhibits on display. The exhibits correspond with the Index of Products and Services of analytica China 2010.

Extract from the Terms of Participation A and B

A 4 Co-exhibitors and additionally represented companies

A co-exhibitor is one who presents his own goods or services, using his own staff, at the stand of another exhibitor (the main exhibitor). This definition includes group companies and subsidiaries. Agents and representatives are not admitted as co-exhibitors.

In the case of an exhibitor who is also a manufacturer, an additionally represented company is any other company whose goods or services are offered by the exhibitor.

If an exhibitor who is a distributor displays not only the products of one manufacturer but also goods and services of other companies, then these count as additionally represented companies. Admission of the exhibitor does not mean that a contract exists between MMI-SH and the co-exhibitors or other companies he represents. Co-exhibitors are admitted against payment. This also applies to additionally represented companies if specified in the Special Terms of Participation B. The exhibitor must make this payment.

The amount can also be invoiced subsequently by MMI-SH.

The exhibitor is responsible for ensuring that his co-exhibitors and other companies he represents comply with the Terms of Participation A and B, the Technical Guidelines as well as the instructions of the Trade Fair Management. The exhibitor is liable for the debts and negligence of his co-exhibitors or additionally represented companies as if they were his own. If co-exhibitors make direct use of MMI-SH services, MMI-SH is entitled to invoice the exhibitor for these services. He is jointly and severally liable. The exhibitor may not move, exchange or share his stand, nor surrender it either in part or in whole to third parties, without MMI-SH's prior written consent.

B 3 Co-exhibitors (see A 1/2/4)

Permission for co-exhibitors must be requested in writing. The registration fee is EUR1,600 for each co-exhibitor admitted.
