General terms & conditions in the stand construction, planning and services segments of IMAG.

§1 Scope

1. These general terms and conditions are exclusively valid in terms of performance in the stand construction, planning and service segments.
The consideration of other general terms – with the exception of the general terms and conditions of IMAG as organizer and co-organizer of trade fairs - in particular, of the customer, is expressly contradicted. And this is expressly so in the case, in which these are sent to us in a confirmation letter or in any other way. Any deviating conditions are only valid on the basis of our express consent in writing.

§ 2 Quotations and Draft Documents

1. If quotations are worked out according to the statements made by the customer and on the basis of the documents provided by the relevant trade fair management, the agent does not assume any liability for the correctness of the statements made and of the documents received, unless their faultiness and infeasibility is not recognized deliberately and grossly negligently.
2. Unless there is nothing else determined in writing, quotations, plans, drafts and drawings, made by the agent, remain the property of the agent with all the rights involved. The customer is obliged not to use these in any other form, in particular with regard to the duplication and distribution and transfer to any third party as well as carrying out of alterations without any express consent of the agent. If this commitment is violated by the customer, he will be obliged, irrespectively of any ongoing injunctive relief and claims, to pay the expense and the drafting of the documents plus an appropriate user fee.
3. Plan alterations are charged at an hourly fee of USD 65 for each change from the third alteration onwards. From the assembly date on, alterations with the stand design are only carried out under reserve of their feasibility and under consideration of additional costs (hourly fee of USD 65).

§ 3 Renting

1. All parts delivered (appliances, furniture, advertising stands) are let to the customer (lessee). The rental property, as a general rule, is used several times and, for this reason, is not always in mint condition.
2. The rental period is accounted for the period of the trade fair. The rental period commences with the arrival of the rental property at the place of use one day before the beginning of the trade show. It ends at the earliest, following the end of the last day of the trade show. The customer (lessee) has to hand back - at his risk and expense - the rental property immediately following the end of the rental period in the same way to the agent (lessor), as the handing over of the rental property had been done to him.
3. There will be no partial repayments of rental costs for objects that form part of the standard equipment and are not used by the customer (lessee). These objects may neither be exchanged nor accounted for against other performance.
4. The agent (lessor) shall provide the customer (lessee) with the requested rental property without further services.
5. Any deviations in dimensions, weight and colour of the rental property compared to the printed reproduction in the catalogue remain under reserve, in as far as these may be considered minor and are customary.
If ordered rental properties are no longer in stock, the agent reserves the right to deliver comparable items or items of higher quality.
6. The rental prices include: Assembly / disassembly of the rental property with connection to the interfaces provided as well as a functional briefing. Waiting times are charged. Equally, the services before and during the event generated by the customer (e. g. rehearsals, care) are charged at common market fees. Lifting devices, hub devices and similar items are, if required, not included in the price and have to be paid by the customer (lessee).
7. The customer (lessee) is obliged to make use of the rental property with care. Any obligations connected to the property, the use and the receipt of the rental property have to be observed – the same is true for maintenance, care, and the agent's recommendations of use. A sub-letting of the rental property is not allowed. The customer (lessee) has to keep the rental property in his immediate property and use it exclusively at the locations agreed upon. The customer ensures that the agent may examine the rental property at any time.
8. Wall elements damaged without the express consent of the agent by hanging up pictures, exhibits, etc. with screws, nails, etc., or by the gluing of foils that cannot be used again because of the residues, are charged to the customer. The same is true for other rental properties having been damaged.
9. The stand has to be left empty following the end of the event. Booths are to be emptied and booth doors may not be barred.

§ 4 Accomplishment of Performance, Delivery of Rental Property

The completion of stands and other performances agreed upon is done by arrangement, as a rule at the latest by 6 pm upon the day before the opening of the trade show, unless the organizer stipulates another regulation. The agent reserves the right to carry out minor remaining works until the trade fair or exhibition is opened, provided there is no considerable impairment or disturbance of the stand by the customer.

§ 5 Acceptance, Duty for Lodging a Complaint

1. The acceptance is effected following the completion of the overall performance at the point in time agreed, however, at the latest at 6 pm upon the day before the trade fair is opened.
2. The customer is obliged to do the acceptance, if the preconditions are met. The acceptance remains the same, if the customer does not accept the overall performance, despite being committed to do so.

§ 6 Warranty, Liability

1. With a justified and timely notice of the defect the agent is entitled and obliged - according to its own choice - to provide for a compensation delivery or the rectification of the defects. With a twofold failure of the compensation delivery, respectively the rectification, the customer has reserved the right to demand a price reduction, or with considerable defects the rescission of the contract.
2. Further demands due to defects or other claims for damages, in particular, because of consequential damage, are excluded, unless there is intention or gross negligence. In any case, liability is limited up to the amount of the contractual sum.
3. The agent is not liable for any objects left behind during the assembly or disassembly of the exhibition stands before or after the completion of a trade fair, unless there is intention or gross negligence.
4. Liability is entirely excluded during the duration of the trade fair.
5. Liability of the Customer
The customer is liable vis-à-vis the agent for all damages arising out of the use of the rental properties according to the instructions. The danger of incidental destruction, of incidental or intentional damage as well as theft is borne by the customer from the passing of the risk. In case of a total loss or other destruction of the rental properties, the customer has to bear the current replacement value of the rental properties independent of whether he caused the damage or not.

§ 7 Prices and Terms of Payment

1. The prices of the performance services are defined in the registration forms, the special participation conditions and in the Exhibitor or Service Manual. All prices do not include packaging, freight, postage, insurance and other possible forwarding expenses. Taxes, related to sales volume, legally due in the corresponding exhibiting country, are not included either.
2. The terms of payment are defined according to the relevant quotation and are quoted on the invoices in form of a payment plan or credit period.
If the payment address is different from the customer's address, the customer guarantees the payment by the recipient of the invoice.
3. With default of payment the customer is entitled to exercise a lien for all outstanding deliveries and performances without any prior notice, or demand further down payments not having been negotiated up to this point in time. The same is valid, if - due to a deterioration of the financial circumstances becoming known after the conclusion of the contract - the fulfilment of the payment claim seems to be in danger with the customer.

§ 8 Rescission

The order placed is legally binding for both parties. A rescission is only possible within 10 days following the receipt of the order confirmation, at the latest, however, 21 days before the beginning of the event. After this date, the contract may no longer be cancelled.

§ 9 Charging/Lien

The charging against counter claims by the customer may only be admitted, in case of undisputed or legally valid and determined claims. The assertion of a lien by the customer due to counter claims not acknowledged or not legally binding is excluded, unless these claims are based on the same contractual relationship.

§ 10 Force majeure, cancellation of the event

If IMAG is compelled, as a result of force majeure or other circumstances beyond its control (e.g. failure of the power supply), to vacate one or more exhibition areas temporarily or for longer periods, or to postpone or curtail the trade fair, the exhibitors do not thereby acquire the right to withdraw or cancel, nor do they have any other claims against IMAG, in particular claims for damages. If IMAG cancels the event because it cannot hold the event as a result of force majeure or other circumstances beyond its control, or because it has become unreasonable for IMAG to hold the event, IMAG is not liable for damages and disadvantages to exhibitors arising from the cancellation of the event.

§ 11 Advertising Permission

The agent is entitled to use graphical material, as well as planning documents of his performance carried out for the relevant customer for his corporate advertising in each possible form.

§ 12 Venue

As far as legally admissible, the exclusive venue for any disputes arising out of this contractual relationship is Munich. The contract shall be subject to the law of the Federal Republic of Germany.

§ 13 Final Form and Efficiency

All agreements that comprise a supplement or concretisation of these general terms and conditions or of any other contractual conditions of the customer, as well as any further reassurances and settlements are to be made in writing.

In case one clause of these general terms and conditions is not effective, the effectiveness of the remaining clauses or agreements shall remain unaffected. In such a case, the invalid clause has to be rephrased or supplemented in the sense that with the ineffective clause the intended economic purpose may be attained in a legally allowed way.
