B 1 Application (see A 1)

Beginning of stand allocation: 17 January 2011

B 2 Permitted exhibits and exhibitors (see A 2)

The following are permitted:

- a) companies whose exhibits correspond with the Product Index of productronica 2011 (see enclosure). Please tick only one of the main product groups in the product index. Should third parties assert claims against Messe München GmbH on account of the impermissibility of the advertisement under law in general or the law on competition, the advertiser shall hold Messe München GmbH fully safeguarded against all claims asserted including all costs of any necessary defence in court on the part of Messe München GmbH. The same applies to exhibitor entries actuated by exhibitors in the trade fair catalogue, the Internet database or in the visitor information system of Messe München GmbH.

Messe München GmbH can issue invoices only to its contractual partners. Should it be necessary for invoices to be issued to a different invoice recipient and not to you, we would kindly ask you to contact the productronica exhibition management team so that an acceptable solution can be found, taking tax legislation requirements into account.
