# Connecting industries for a sustainable future - IFAT India 2025

For over a decade, IFAT has established itself as India's largest and leading trade fair for water, sewage, solid waste, and recycling. In its 12th edition, IFAT India continues to serve as a key platform for innovation, collaboration, and business development in the country's evolving environmental technology sector. Building on the global success of IFAT Munich, Germany, we are bringing the largest solutions, cutting-edge innovations, and advancements seen at IFAT Munich to India.

IFAT India brings together industry leaders, entrepreneurs, startups, and key players to

collaborate on solutions for India's most critical environmental issues. The event features next-generation digital tools for water resource management, IoT-based waste management systems, live demos, and thought-provoking conferences.

With country pavilions showcasing global innovations, IFAT India is an unmissable opportunity to connect with leaders in sustainability, refine your environmental strategies, and position your business at the forefront of the eco-friendly business revolution. Join us to shape the future of green technology!
